

2017 Mission Teams in The Episcopal Diocese of the Dominican Republic

www.dominicandevlopmentgroup.org/photos

The group photographs of all of the missionaries and the mission teams that worked in the Episcopal Diocese of the Dominican Republic in 2017 are now available in a poster format. This poster is ideally sized for printing in a 20"X30" format. The poster source files in several resolutions and in both PDF and JPG formats are available online at these links:

Low Resolution: a jpeg ideally suited for emailing

<http://dominicandevdevelopmentgroup.org/posters/2017-DR-Mission-Teams-JPG-resolution-low.jpg> (644KB)

High Resolution: a jpeg ideally suited for printing

<http://dominicandevdevelopmentgroup.org/posters/2017-DR-Mission-Teams-JPG-resolution-high.jpg> (20MB)

High Resolution: a pdf ideally suited for printing

<http://dominicandevdevelopmentgroup.org/posters/2017-DR-Mission-Teams-PDF-resolution-high.pdf> (27MB)

The individual photographs are also online in a Google Photos album as part of the DDG's photograph archive here:

Some commercial printers require either jpeg or pdf format. Both are available for your use.

Since 20"X30" format printing usually requires a commercial printing facility, these files may be downloaded from the DDG website and then uploaded to on-demand online printers such as Walgreens, Walmart, FedEx, UPS Store, and Office Depot/Office Max. The 20"x30" size is a common poster size and inexpensive ready-to-use frames should be readily available.
